

## .65 MIL 2-Gallon Custom Bucket Program

The custom bucket program is based on a standard .65 mil 2-gallon bucket with up to 4 printed colors. The custom bucket program is a way for Leaktite's customers to create a unique bucket design that meets their business needs.

Custom 2GL Bucket Representation

### Custom Printing

This option allows the customer to print, with primary ink colors, on 360 degrees of the bucket. Leaktite can print up to 4 colors on all quoted buckets.

- Print area for 2-Gallon Bucket is 6" x 25".
- Specialty Ink Colors (Non-Primary) may require special pricing.

### Printing Plate Setup

There is a one-time charge per print color

- 2 Gallon: \$200 per printed color up to 4 colors.
- Example: Blue and Red = \$400

<b>.65 mil 2-Gallon Custom Bucket Program</b>		<b>(200 Buckets per Pallet)</b>

### Leaktite Stock Color Guide

*\*NOTE: Colors represented may appear different on bucket*

### Specialty Buckets

#### Custom Bucket Colors

Leaktite's customers have the option to manufacture 2-gallon buckets in custom colors for an upcharge. All requested colors will require a specific PMS color or an object representing the desired color, sent to Leaktite, for part matching and pricing.
